RE: Dues Renewal 2011-2012

Dear Renewing Member or Prospective New Member,

Yes, it's that time again to renew your dues. We were to have started the dues collection process around April 15<sup>th</sup>; however the regional convention took precedent. Most of us are still "flying high" from the recent convention hosted by our chapter; however it is now time to get into the mode of chapter business.

I enclose here a current dues application form. Please fill out and return with your check to the Chapter Treasurer at your earliest convenience – we need your renewal application no later than August 26, 2011 in order for me to report to the national headquarters by September 1<sup>st</sup>. Please read their reasoning as follows:

"In recent years, nearly half of all dues reports have been received at AGO National Headquarters after the September 1<sup>st</sup> deadline has passed. This has put an enormous strain on everyone. Thousands of back issues of TAO must be packaged and posted by hand from Headquarters instead of by the printer through their routine automated processes and discounted bulk mailing rates. Accordingly, for members whose names appear on dues reports received after October 1, one full month after the September 1<sup>st</sup> deadline, back issues of TAO will be sent only upon request."

Please help us by promptly filling out and returning the dues application. Please note too, you may also re-new at the Chapter Website [www.agoboise.org](http://www.agoboise.org) and pay via PayPal.

We value each of you as chapter members – and to those that have not renewed in several years, we hope you will consider re-joining chapter. All of you have much to offer to our chapter which we all benefit from.

Again, thank you. We look forward to a great year.

Sincerely,

Kirk Higginson, Treasurer  
Les Bois Chapter AGO

PS: Some of you may have already renewed when registering for the Convention (after April 1, 2011) – please do fill out the application and return it marked "already paid". The address you list on the application will be the address to which your subscription to TAO will be mailed.
